Greetings, Sir Knights:

Summer is hot and the number of activities are growing as well. South Central, Triennial, Hot Springs Festival just to name a few and everyone is invited. The fellowship that is afforded each member is worth the price of dues and on top of that the work that is done and the reminders of how to afford ourselves a more pleasing life by following the lessons of life that are given in our work.

I hope that you have invited at least one brother to join the York Rite in the last month. If you haven't, please do so soon. More important than new members, and we always need them, is revitalizing members who have become inactive. There can be many reasons that one becomes inactive but we will never know if we don't ask them. If the reason is he doesn't drive at night surely someone lives close enough to make that reason go away. If we show our members that they are needed and wanted then they may well come back and help us with energizing our Commandery and personally.

I made a trip back to my home Lodge in June to visit with a brother on the 75th anniversary of being raised. Max Hill has been active and still attends regularly, with some assistance. Brother Max could still confer any of Craft Masonry work that he could be called on to do and

do it proficiently. If you have seen a brother in bib overalls, wearing sunglasses lead the west line or be King Solomon and do it with extreme drama and enthusiasm you know brother Max. We all could take some notes on dedication from Max. MW Brad Phillips was present and gave a great talk as well as a presentation of a plaque from the Grand Lodge.

We have many tasks ahead of us and it is a definite us. Your entire Grand Commandery Line is ready to serve you. I want to help each commandery and if you contact me I will come and I will have gotten the information that you need, probably with some help from someone that is also interested in you and your commandery. I still would enjoy helping you recruit at your area lodges.

Please contact me with one suggestion that will help ARKANSAS YORK RITE MASONRY!!!!!!

Yours in His service,

Wm. Paul Wilson
Grand Commander
